

Use it, reuse it, compost or recycle
These options save us all money in multiple ways
(purchase, shipping, disposal fees),
gives new use to unwanted items,
reduces waste disposal costs,
helps the environment
And it's fun!

Locations that accept the most items in our area:

Devens HHW (Fees), Mar-Dec, 1st Wed & following Sat, 9-12
9 Cook Street (Rear), www.DevensHHW.com (978) 501-3943

Devens Recycling Center (Fees) Mon-Fri 7-5, Sat 7-1
45 Independence Dr, www.devensrecycling.com, (978) 772-6500

Groton Regional Recycling Center (Some fees) Wed-Sat 7:30-4:30
600 Cow Pond Brook Road, www.townofgroton.org/Town/TownDepartments/DepartmentofPublicWorks/TransferStation , (978) 448-1160
Town, hauler or business, contact Tom Delaney 978-448-1162 to deliver full roll-offs of recycling & to share in profit.

Lancaster Recycling Center (Some fees) Sat and Sun 10-12
Bridge Road, www.ci.lancaster.ma.us, (978) 368-1380 www.ci.lancaster.ma.us/Pages/LancasterMA_Recycling/index

Townsend Recycling Center (Some fees) 1st & 3rd Sat, winter (Jan, Feb, Mar) 1st Sat only
33 Greenville Road, www.townsend.ma.us/Pages/TownsendMA_Recycling/index,

What Can You Do With...?

(Table of Contents)

Automotive

Batteries

Construction

Bulky Items

Electronics

Food and Compost

Hazardous items:

Household

Medications & Pharmaceuticals

Needles & sharps

Metal

Paper

Plastic, Metal & Glass Containers

Plastic (Bulky, Plastic Bags & Styrofoam)

Recyclables in Large Volumes

Reuse

Yard / Garden

Miscellaneous

Disposal

Automotive (Tires, Parts & Products)

AUTOMOBILES / BOATS/VEHICLES

Contact your favorite charity or search online for “car donation”, “vehicle donation”, “boat donation”, “motorcycle donation” or “recreational vehicle donation”. Possibilities: www.mareinc.org/Car-Donation , www.donateacar.com/massachusetts-charities

Automotive products

Automotive products contain many hazardous materials and must be handled with care.

Do not dump in your trash, on the ground or down the drain.

MOTOR OIL

Take to DevensHHW or your local town recycling center or where you purchased oil.

MOTOR OIL FILTERS

Jiffy Lube will properly dispose of the old filters.

Empty motor oil bottles

Bottles and other packaging that contained hazardous products are not recyclable, throw away.

ANTIFREEZE

Take to Devens HHW facility www.devenshww.com . Antifreeze is not only hazardous; its deceiving color and sweet taste may attract children, pets and wild animals.

TIRES

Your local community Recycling Center accepts tires

Liberty Tire Recycling www.libertytire.com/ContactUs/Locations/Littleton-MA,

256 Ayer Road Littleton (978) 772-4251

Devens Recycling Center, 45 Independence Dr, www.devensrecycling.com, (978) 772-6500

RETURN TO TABLE OF CONTENTS

Batteries (Rechargeable & Car)

Common household batteries (**alkaline**, zinc and others in sizes A, AA, AAA, C and D) manufactured after 1994 **don't contain mercury or other hazardous/recyclable and can be thrown away in your regular trash**. All **other types of batteries require special disposal** because they contain hazardous materials. Take to Devens HHW at no charge or your local Recycling Center.

BUTTON BATTERIES (FOUND IN WATCHES, HEARING AIDS, ELECTRONICS AND SOME TOYS):

Stores that sell button batteries and watch/jewelry shops accept button batteries for free;

Lead acid batteries (found in automobiles, trucks, lawn mowers):

When you buy a new battery, the retailer is required to take your old one back at no charge. Your local recycling center accepts lead acid batteries. Also Pepperell-Dunn Battery, Fitchburg-Interstate Battery and Ayer-NAPA Auto Parts accept lead acid batteries at no charge.

LITHIUM BATTERIES (FOUND PRIMARILY IN CAMERAS AND OTHER EQUIPMENT):

All-American-Recycling, www.all-american-recycling.com Sculley Rd Ayer(978) 772-2854.

Check all batteries carefully before disposal; look for "Lithium" on the label. They may resemble alkaline batteries, but lithium batteries should be recycled properly.

RECHARGEABLE BATTERIES

(Nickel Cadmium (Ni-Cd), Nickel Metal Hydride (Ni-MH), Lithium Ion (Li-ion), Nickel-Zinc (Ni-Zn), small Sealed Lead Acid (Pb) batteries)Bring to where you bought the batteries, your local recycling center or Devens HHW

Find other local options to recycle rechargeable batteries at www.rbrc.org. 877-2 recycle See how they recycle the batteries- www.call2recycle.org/program-info/

RETURN TO TABLE OF CONTENTS

Building & remodeling materials

Construction & Demolition (“C&D”) waste includes asphalt, asphalt shingles, bricks, cement, cinder blocks, clapboard, concrete, doors, flooring, insulation, lumber, mortar, plaster, plywood, roofing, sheetrock, shingles, tiles, windows and wood. Vehicles with a capacity greater than 5 cubic yards are subject to strict disposal requirements for C&D wastes in Massachusetts (see www.mass.gov/dep/recycle/solid/cdbanfaq.pdf)

Reusable: Used building materials (in good condition) can be donated for re-use.

Habitat for Humanity Habitat ReStore in Leominster (Rte 117)- restorencm.org/donate

You can donate at the store or at events like the Oct 19, 2013 Recycle Your Reusable event in Shirley, or call to arrange pickup.

RETURN TO TABLE OF CONTENTS

Hazardous (Antifreeze, Oil Paint, Pesticides, etc)

www.DevensHHW.com

Open March to December, 1st Wed and following Sat

HOUSEHOLD HAZARDOUS WASTE

Read the product label to determine if the product is considered hazardous, requiring special handling. Look for warnings and words like caustic, toxic, corrosive, poison, flammable, danger, and “keep out of reach of children.” First, consider using up the product according to package directions, or giving it away to someone who will. Take to Devens HHW; go to www.Devenshhw.com for the full list of what can be taken.

MERCURY & MERCURY-CONTAINING PRODUCTS

Take to your local recycling center or www.Devenshhw.com. Mercury is highly toxic and requires special disposal. It is not hazardous when contained in a sealed device. Exposure may be reduced by placing items in sealed plastic bags and handling them carefully to avoid breakage. Do not place mercury or items containing it in the trash or down a drain, and do not vacuum even the smallest spill. Instructions for handling mercury exposure can be found at www.mass.gov - search "broken cfl" or “mercury spill”.

FLUORESCENT LIGHT BULBS

All fluorescent light bulbs contain mercury gas (even the ones with green tips). Many municipalities accept fluorescent bulbs from residents and businesses for free or a small charge. Compact fluorescent lamps (CFLs) Free CFL recycling is offered at : Aubuchon Hardware stores, Home Depot, Lowes, and Ace Hardware. Larger fluorescent tubes Commercial organizations generating large numbers of bulbs may contract directly with a lamp recycler; licensed mercury recyclers can be found at www.mass.gov - search "recycle mercury"

THERMOMETERS

Many older household thermometers (fever, candy, meat, deep fry, oven, ambient temperature) have liquid mercury-based indicators. A mercury thermometer can be easily identified by the presence of a silver bulb at the end of a glass tube. If the bulb is red, blue, purple, green or any other color, it is not a mercury thermometer. Most recycling centers accept or take to Devens HHW.

THERMOSTATS

Thermostats with digital displays typically do not contain mercury switches. Switches containing liquid mercury are found in older wall-mounted thermostats. Carefully handle to avoid breakage. In addition to municipal collection programs, mercury-type thermostats are accepted at no charge at many plumbing retail stores. For more information, go to www.thermostat-recycle.org. Most recycling centers accept or take to Devens HHW

BALLASTS

Most fluorescent light fixtures produced before July 1979 contained ballasts with small amounts of PCBs (polychlorinated biphenyls), a highly toxic substance. PCB-free ballasts are marked “non-PCB.” PCB ballasts are typically collected at the same sites as larger fluorescent tube-type bulbs. Contact your community representative* for more information.

PAINT & PAINT-RELATED PRODUCTS

Reuse-If your unwanted paint was purchased recently and is in good condition, consider donating it for use instead of throwing it away. Many school/community theatre groups and charitable organizations (such as Habitat for Humanity) will accept quality paint products. You may also offer it for reuse through GrotonFreeStuff or www.FreeCycle.org. See “Reuse” below

Petroleum (oil-based) paints, stains, thinners, and varnishes are considered hazardous materials, requiring proper disposal .Take to Devens HHW, www.DevensHHW.com, open 20 times a year.

Latex paint and water-based stains are accepted at Devens hazardous waste collections, but it can be thrown away when completely hardened. Speed up the process by adding paint hardener (available in hardware stores) or by stirring in clean kitty litter and allowing the mix to harden. When there are no free-flowing liquids, you may place the open paint can (without the lid) in your household trash.

Medications & Pharmaceuticals

Free medication collections:

Periodically at local Police Departments. Visit www.dea.gov or for more information on Take Back day*. Check here for [Drug Take Back locations www.deadiversion.usdoj.gov/drug_disposal/takeback/](http://www.deadiversion.usdoj.gov/drug_disposal/takeback/)

- Ayer Police Station collection container is available 24/7 just inside the lobby at 54 Park Street*
- Groton Police Station collection container is available 24/7 just inside the lobby at 99 Pleasant St.*
- *No questions asked and non-residents welcome. Note that they do not accept needles, liquid, aerosol or biological hazards (blood, body fluids, etc).

View drug fact sheet here: www.justice.gov/dea/druginfo/factsheets.shtml

RETURN TO TABLE OF CONTENTS

Needles & sharps

According to Massachusetts Sanitary Code, hypodermic needles, syringes, lances, and all other “sharps” cannot be placed loose in your trash or recycling bin. A State-wide ban on sharps disposal started July 1, 2012.

Nashoba Associated Boards of Health, www.nashoba.org, has implemented a sharps program, which most area communities are members. You can take advantage of their sharps collection program. Containers are picked up and returned to their 30 Central Avenue, Ayer office. Sharps containers come in 2 sizes, \$5 for 5 quarts and \$8 for 8 quarts. www.nashoba.org/public-health/hot-topics

Nashoba Associated BOH

30 Central Avenue Ayer, MA (978)772-3335 Mon - Fri, 9am-4:30pm

Sharps can only be accepted in approved containers. Persons who bring loose sharps or sharps in unapproved containers (i.e. detergent bottles, coffee cans, etc.) will need to purchase the appropriate container for disposal and place the sharps in that container before they can be accepted.

If not associated with Nashoba Associated BOH contact your Board of Health for more information. Several mail-in disposal programs are available; search the internet using “sharps disposal”.

[RETURN TO TABLE OF CONTENTS](#)

Metal (Scrap Aluminum, Steel, Cooper, etc.)

APPLIANCES

All local recycling centers accept appliances, Fees may apply.

SCRAP METAL

Reuse or take to your recycling center. Many metal items (like bicycles or BBQ grills) can be repaired, sold or donated to extend their useful life. Please see “Reuse” for more information. www.scrapmetaljunkie.com/scrap-metal-handbook-guide Discarding scrap metal as trash is banned by State regulations.

To recycle any metal item, it should be at least 50% metal by weight and separated from any contaminating materials as much as possible. Some scrap metal items contain toxic or pressurized materials that require special handling, including batteries, propane tanks and ballasts. Other guidelines include:

Scrap metal dimensions should be less than 4’ in length;

Remove all doors from refrigerators & freezers prior to recycling;

Chain link and wire fencing should be rolled into compact segments;

Empty all fluids (gasoline, oil) and remove batteries from power equipment;

Metal paint cans must be completely empty and dry; and

Automotive parts (including engine blocks) require special handling; check the “Yellow Pages” under “Auto Wreckers and Salvage”.

[RETURN TO TABLE OF CONTENTS](#)

Plastic (Bulky, Plastic Bags, Styrofoam, etc.)

PLASTICS

Technological advances and new markets have recently expanded plastic recycling guidelines:

Clear, hinged “clamshell” containers (clear molded plastic containers) typically used to package deli and bakery items can be included with your bottles and cans. Do not include Styrofoam or colored plastics like black trays) or any container labeled “compostable” in your recycling bin.

Caps and lids from bottles, jars, jugs and tubs may be included in your container recycling bin, but they should remain attached to containers.

BAGS

Most supermarket and grocery stores, dry cleaners, and large retail stores will take plastic bags. Do not put in with recyclables at the curb or the drop off; they create litter and clog machinery at the processing facility.

For cloth bags (see “Textiles”).

Please recycle only empty, clean, dry, stretchy plastic bags and clear film products, and remove receipts/ other items and take to most supermarket and grocery stores, dry cleaners, and large retail stores (Wal-Mart, Staples and Target). Do not include soiled/oily/wet/painted plastic film products, anything labeled “compostable”, pre-packaged produce bags (pre-washed lettuce, frozen peas), or bags from heavy items such as soil, mulch, salt or pellet fuel. Acceptable examples include:

- newspaper bags
- dry cleaning bags
- bread bags
- produce bags (not pre-packaged)
- toilet paper, napkin and paper towel wraps
- furniture wrap
- electronic wrap
- plastic retail bags (hard plastic and string handles removed)
- grocery bags
- plastic food storage bags (clean and dry Ziploc® bags with zipper cut off)
- stretch plastic cereal box liners (if it tears like paper do not include)
- Tyvek (no glue, labels or other material)
- diaper wrap (packaging)
- plastic shipping envelopes (no bubble wrap, remove labels)
- case wrap (snacks & water bottles stretch wrappers)
- any clean, dry plastic film labeled #2 or #4

BOATS PLASTIC: -EL. HARVEY CAN RECYCLE THE SEASONAL WRAP

PACKAGING MATERIALS

Most of these materials are reusable; some are also recyclable:

Cardboard boxes can be reused, and flattened boxes can be recycled with mixed paper.

Foam peanuts: Antique & shipping stores take them

Cornstarch pellets may be composted in a backyard bin or reused. However, these will not be accepted by commercial composting facilities or packing shipping stores. Styrofoam blocks and shapes: www.Reforamt.com (508)864-8723 1 Sculley Rd Ayer Free, Townsend Recycling center, or RYR event 10/19/13

Packing paper is reusable as well as recyclable. Place shredded paper in a paper bag and tightly close it before putting it in your recycling bin.

Plastic sealed air packaging is reusable. Once deflated, it can also be recycled with shopping bags

Miscellaneous packaging, clean and dry such as prepackaged food bags, frozen food, prewashed salad bags (unless they have #2 or #4), chip bags, cracker or cereal bags, foil lined coffee bags and animal feed bags (dog, cat, chicken, horse, fish), other plastic bags or wrappers can be made into new products by mailing them to:

Lou's Upcycles, www.lousupcycles.com, lousupcycles@gmail.com

Trashebags.com 11 South Park, Montrose, Colorado 81401

Pellet fuel Bags

In Mass, Trex has partnered with Big Y, Shaw's, Whole Foods, Target, Wegman's and Market Basket to accept pellet and salt bags

Rigid, bulky plastics are large, durable, molded items. Please do not place them in your recycling bin. These plastics include (but are not limited to) plant pots and trays, laundry baskets, outdoor furniture, playground equipment (Little Tykes®), trash cans and car seats. Many recycling centers now accept.

Expanded polystyrene foam (commonly referred to as Styrofoam) ReFoamIt collects Styrofoam and other previously non-recyclable plastics (e.g., plastic utensils) ReFoamIt, 1 Sculley Rd, Ayer, M-F 8-5, S 8-2 508-864-8723

Plastic cards (old courtesy cards, credit cards, gift cards, etc.) can be recycled by mailing them to Earthworks c/o Halprin Industries, 25840 Miles Road, Bedford, OH 44146. You can sell or trade unused gift cards on websites. #5 plastic products are mostly recyclable: #5 food and beverage containers can be recycled with your bottles and cans.

Plant pots and trays are not recyclable with bottles and cans. Lowe’s garden centers accept rigid plastic plant pots and trays at no cost. Many Recycling Centers now collect rigid plastic items including plant pots and trays. Thin (flimsy) black plastic trays are not recyclable in either of these programs. Garden Clubs, garden centers and florist shops may also accept clean plastic planting containers for reuse. TEO in Townsend accepts for community garden.

[Return to Table of Contents](#)

Recyclables in Large Volumes

Groton Regional Recycling Center is available to small businesses and private haulers serving the Town of Groton and Partner Communities, Ashby, Dunstable and Littleton. Materials collected include recyclable cardboard, mixed paper; metal cans, plastic containers and rigid plastics. The facility will accept deliveries from neighboring municipal drop-off centers, local businesses and small recycling haulers. There are potential revenue sharing opportunities for partner communities. This service will further expand the recycling capacity for the region. Please contact Tom Delaney by emailing highway@townofgroton.org or call 978-448-1162 for more information

CELL PHONES

Cell phones shouldn't be thrown away due to their reuse value and hazardous/recyclable components. Numerous charitable and for-profit organizations accept cell phone donations. Visit www.earth911.com. Most stores that sell cellular phones and electronics will also accept them back for free (see list under “electronics”)

TEXTILES & CLOTHING

Take to your local recycling center and put into drop-off box. Local reuse and donation opportunities exist for all kinds of textiles and shoes. Deliver clean/dry/used textiles and clothing to donation centers. Include items that are torn, stained, with missing buttons or broken zippers. These organizations will also welcome old hats, gloves, (mismatched) socks, underwear, belts, ties, purses, handbags and shoes in any condition, as long as they are NOT Wet and have NO smell. Donations of household goods like curtains, pillows, drapes, comforters, sheets, pillow cases, towels, stuffed animals, table cloths and linens can be donated as well.

Animal shelters also accept old sheets, blankets, pillowcases, bedspreads, throw rugs and towels for reuse.

Townsend Ecumenical Outreach (TEO) 82 Bayberry Hill Road, Townsend 978-597-2209

Ginny's Helping Hand, (978) 537-1387, www.ginnyshelpinghand.org/, 52 Mechanic Street, Leominster-

Yard / Garden (Brush, Leaves, Yard Waste, etc)

YARD WASTE, LEAVES, BRUSH, CHRISTMAS TREES

Throwing away leaf and yard waste as trash is prohibited by State regulations. Consider composting your organic materials in a backyard compost bin or contact your community representative* to find out if yard & leaf waste is accepted at your Recycling Center.

CHRISTMAS TREES

Check your Recycling Center. Groton and Townsend take Christmas trees. Some Boy Scouts will have collections.

COOKING OIL

Some types of used vegetable oils are accepted at Recycling Centers to find out if your oil is acceptable check your community contact* for details. Do not drop-off oil at any sites without prior confirmation. www.locallygreen.org/
Ask if cooking oil can be included in with used motor oil

Return to Table of Contents

Miscellaneous items for reuse or recycling

AEROSOL CANS

Recycle only EMPTY aerosol cans that did not contain hazardous materials or chemicals. Acceptable aerosol cans: EMPTY health and beauty products such as sun block, first aid spray, hair products, deodorant, and shaving cream; food products such as cooking spray (i.e., PAM), whipped cream, aerosol cake frosting; and laundry products such as spray starch, anti-static spray; and air fresheners. All caps should be removed and discarded with your trash. Do not puncture, pierce, flatten, or remove nozzles prior to recycling.

Not acceptable for recycling: empty aerosols that once contained hazardous materials such as insecticides, spray paint, automotive sprays, adhesives, cleaning products, craft products, waterproofing sprays and lubricants. Empty hazardous waste aerosols can be put in the trash. Aerosol cans that still contain hazardous materials or chemicals should be delivered to a household hazardous waste collection (see DevensHHW). For handling and disposal of any type of full aerosol container, see www.mass.gov/dep/recycle/hazardous/aerosol.

ALUMINUM FOIL & PRODUCTS

Clean and recycle with your bottles & cans. Check with your local collection

CARTONS & DRINK BOXES

Paper cartons (“aseptic packaging” for dairy products, soy milk, soup, juice) can be recycled with bottles and cans. Rinse/flatten containers. Discard straws; plastic caps and spouts may stay. Do not include drink “pouches” with your bottles and cans; drink pouches can be recycled through Terracycle (www.terracycle.net) or local programs, see Drink Pouches & Wrappers, below.

CORKS

Corks should not be put in your recycling bin. Great for art supplies. Natural corks can be crumbled and added to a backyard compost bin or taken to Whole Foods. ReCORK (www.recork.org) uses natural corks (no plastic or metal corks) to make shoe soles; Yemm & Hart (www.yemmhart.com) use natural corks to make floor and wall tiles. Mail them to: Wine Cork Recycling, 425 North Chamber Drive, Fredericktown MO 63645. www.yemmhart.com

COSMETICS CONTAINERS

[Origins](http://www.origins.com) offers free recycling of make-up packaging, regardless of brand. Empty cosmetic tubes, bottles, lipstick covers, jars and caps can be brought to an Origins retail store or department store counter nationwide. www.origins.com. MAC cosmetics also has a mail-in recycling program (www.maccosmetics.com).

DIAPERS (CLOTH)

Amherst, NH, the thrift store “Mother and Child”- 650 Amherst St Nashua, NH (603) 886-6727

DRINK POUCHES & WRAPPERS

Terracycle drop off location at Florence Roche Elementary School called UPCYCLEIT! Put empty drink pouches; (such as Capri Sun and Honest Kids) energy bar wrappers; (granola, cereal, protein bars, including Rice Krispie Treats) Chip bags, candy wrappers, and GoGo squeeZ containers in the drop off container at the Florence Roche Cafeteria. Questions? contact Groton Grange sponsor, Sally at SallyL13@gmail.com or 978-448-3418. TerraCycle will upcycle the materials into cool new eco-friendly and affordable products such as tote bags, pencil cases, kites, shower curtains. www.terracycle.net

EGG CARTONS

Paper and Styrofoam egg cartons are not recyclable. Clear, molded plastic egg cartons (“clamshells”) are recyclable with bottles and cans. Paper egg cartons can be composted.

ENCYCLOPEDIAS

Salvation Army will accept them.

EXERCISE EQUIPMENT

Reuse- Free stuff, yahoo group for our area.
Recycle- metal- (see Metal) / bulky plastic (see plastic)

FIRE EXTINGUISHERS

Do not place fire extinguishers in your community’s recycling or scrap metal bin. Fire extinguishers are considered hazardous because their contents are under pressure. Units manufactured prior to 1984 may contain dangerous chemicals. Disposal options include:

Businesses and property managers can contact their fire control service provider.

Residents can call their fire department or community representative* to find out if fire extinguishers are accepted.

O’Connell Fire Protection 508-852-7227 261 Brooks Street Worcester, MA 01606

Refills and accepts all types of fire extinguishers for a fee

FLAGS

For the proper disposal of U.S.A. flags no longer in usable condition contact the American Legion or the Veterans of Foreign Wars. Groton Town Hall has a bin outside Town Clerk’s office for retired U.S.A. flags.

HEARING AIDS

Hear Now (www.starkeyhearingfoundation.org) collects all makes and models of hearing aids/devices, and provides them to people who can't afford to buy them. Mail to Hear Now, 6700 Washington Avenue South, Eden Prairie, MN 55344. If the device is not worth salvaging, remove and recycle the button battery (see "Batteries"), then throw away the hearing aid as trash.

KEYS

Old keys can be recycled to benefit the M.S. Society's research efforts (www.keysforkindness.com)
[Or put with metals at your recycling center.](#)

X-RAY FILM

There are no special disposal requirements. Radiology departments at hospitals will recycle them at no cost. For larger quantities (greater than 100#) check out www.xrayfilmsrecycling.com/pick-up-rates/massachusetts.

MAGNETS

Used for crafts. Ask your local scouts if they need them.
Townsend Earth Day celebration collects them.

NYLON- PANTYHOSE

www.nononsense.com/PantyhoseRecycling

PROPANE TANKS

Propane tanks can be refilled at many locations; businesses will take back tanks that meet certain specifications. See the Community Recycling Information table* in center of this guide to find out if propane tanks or other types of pressurized containers are accepted at your Recycling Center. Rindge Energy will accept larger quantities (20 or more 20# propane tanks) for free; call for pricing of other tank types/sizes and free pickup services at 603-899-9959.

REDEMPTION CONTAINERS

Supermarkets
Groton General Store
Recycling Centers

SMOKE DETECTORS

Certain smoke detectors contain a radioactive sensing device, but the radioactivity is so low that it is considered harmless. Remove battery and dispose of smoke detector in the trash, per MassDEP, <http://www.mass.gov/dep/recycle/hazardous/smoke.htm>

YOGA MATS

That old mat can still go with the flow. Go to www.recycleyourmat.com for more information.

RETURN TO TABLE OF CONTENTS

Disposal

Before disposing of items, look above to see if someone needs it or can recycle it. If you need to dispose of it check with your Board of Health to find out who is licensed in your community to transport your trash. Check out www.earth911.com, A national data base on where to recycle.

AMMUNITION & EXPLOSIVES

Call your local Police Department for proper disposal instructions.

ASBESTOS]

There are strict removal and disposal requirements for asbestos. Check the “Yellow Pages” or Google (under “Asbestos Abatement and Removal Services” or “Asbestos Consultants”) also see www.epa.gov/asbestos/

MATTRESSES & BOX SPRINGS

If not taken by your mattress salesman, or reused above by people in need, Area Recycling Centers will accept for a fee. For more options look above under Bulky Items.
